10 OF OUR MOST POPULAR TEACHERS AVAILABLE IMMEDIATELY

MARTIN: DESIGN TECHNOLOGY (RESISTANT MATERIALS) & ART

Completed a PGCE in Secondary Design & Technology and a BA (Hons) in Glass, Architectural Glass and Ceramics. Martin's specialist subjects include Resistant Materials, Electronics, Product Design, Graphics up to GCSE and A' level. Also teaches Art and Design to Key Stage 4. An excellent classroom manager, Martin receives excellent feedback. He is happy to assist with general cover and extra curricular activities.

LEE: ICT

An enthusiastic individual who teaches ICT to A' level. Lee has excellent subject knowledge and continually keeps up to date with the latest developments in all technological applications. He has taught to all ages and abilities across the full curriculum range, following the OCR and AQA syllabus. Core areas taught include: Spreadsheets, Databases, Desk Top Publishing, GCSE Examination projects, Web Design using Dreamweaver and Macromedia Flash. He has taken full responsibility for extra curricular computer clubs, exam preparation classes and moderation.

NICOLA: FRENCH, GERMAN & SPANISH

A highly competent linguist who received a commendation on her PGCE course which is reflected in her successful teaching career. Nicola teaches French (oral and written) to A' level standard, German to GCSE level and Spanish to Key Stage 3. Whilst in school Nicola takes an active role and has previously held extra curricular language clubs, completed general cover, organised and chaperoned trips to Europe for the Modern Foreign Languages department.

LIZ: FOOD TECHNOLOGY & CHILD DEVELOPMENT

An enthusiastic, organised teacher who is described as a good classroom manager. Liz teaches Food Technology to A' level, Child Development to Key Stage 4 and Textiles to Key Stage 3. Liz is very organised and has received praise for her planning and marking. Liz has set up successful extra curricular activities and attended school trips. This has included healthy eating cookery clubs, Young North West Master Chef Competition, The Clothes Show, a Key Stage 4 school fashion show, breakfast club and fundraising events.

DAVID: PHYSICAL EDUCATION

An excellent teacher of practical and theory based Physical Education with experience of teaching GCSE (applied and core), A' level, BTEC (first and national), CSLA and JSLA qualifications. David can confidently teach all winter and summer sports to all ages and abilities from Key Stages 1 to 5. He is a keen sportsperson and is interested in a wide range of sports including: rugby, football, basketball and gymnastics. David has had responsibility for extra curricular sports clubs, organising fixtures, umpiring at matches, has attended and assisted with the organisation of a sports trip to Spain for Year 10 pupils.

STEVE: LEISURE, TRAVEL & TOURISM

A motivated NQT who teaches the vocational subjects of Leisure and Tourism, Hospitality Leisure & Tourism and Outdoor Education. He can also teach PE to Key Stage 3 & 4 and Geography to Key Stage 3. Steve is passionate about teaching and has completed numerous extra curricular certificates which would allow him to be a fully active member of school activities and residential trips.

MEGAN: PHYSICAL EDUCATION & DANCE

Megan has successfully completed a BA (Hons) with QTS in PE, Sport and Dance, gaining excellent feedback from her mentors. An NQT of a high standard, who has the ability to teach Physical Education to Key Stage 3, 4 and 5 including: GCSE, BTEC (First & National) and A' level. Megan is confident teaching theory and practical based PE, always adhering to health and safety regulations. To date, Megan has taught Gifted and Talented, SEN, low ability as well as single, mixed gender classes and Key Stage 3/4 Dance.

KAREN: ENGLISH, DRAMA & MEDIA STUDIES

A hardworking and determined Newly Qualified Teacher with excellent references describing her as "conscientious, efficient and meticulous who participates confidently and makes good contributions." Karen teaches English, Drama and Media Studies up to A' level and is very interested in the close relationship between the disciplines. Karen has a good authority in the classroom with a firm, calm style of delivery. She is a good team player who has learnt a great deal from the opportunities afforded her. This has included an excellent contribution to extra-curricular Drama programmes at her teaching placements and current employment.

ROBERT: SCIENCE

Following a successful career in industry Robert decided to pursue a career teaching. Qualifying with a Chemistry and Biology degree, Bob teaches Chemistry and Biology to A' level and Maths to GCSE. His experience includes working as 2nd in department, taking full responsibility for teaching A' level pupils and co-ordinating the Key Stage 5 syllabus. In his spare time Bob teaches GCSE Modular Science and Maths at a local night school and also completes a homework club at Orr ell Park Youth Club two nights per week.

EDWARD: MATHEMATICS

A former Head of Maths with a pleasant manner and a calm approach. Edward is very experienced and is enthusiastic about teaching his chosen subject. He has worked closely with SEN, low ability and Gifted & Talented pupils. He thoroughly understands pupils' needs and plans effectively using different strategies. Edward has completed extra curricular 'preparation' classes for pupils completing GCSE examinations covering exam techniques, model answers, in class tests and pupil marking.

Each teacher registered with The Teaching Executives has provided original proof of qualification and identification, been referenced for a minimum of 5 years and has an enhanced CRB Disclosure. They have also undergone an extensive face to face interview with a qualified consultant to assess their strengths and areas of development.
